- Special education and EL services are highlighted in purple and green
- Office Hours: When a teacher is readily accessible via email or chat. They may set up informal Google Meets during this time as well.
- Hangout/Meet: A live video Google Meet. Students are sent the link by the teacher. While these are not required, they are strongly recommended as ways to have discussion, get guidance on lessons, and connect with teachers.
- GC: Google Chat: Live time with a teacher in a “text” format, no video.
